Hello and Welcome!

Please allow me to take this opportunity to welcome you to MIDPEX 2023. As organising committee chair I would first of all like to thank everyone involved with pulling everything together particularly the members of the organising committee.

We have a great range of dealers and, of course, specialist societies here today. I hope you find some interesting items as well as seeing some specialist societies you may be interested in joining!

WELCOME TO MIDPEX!

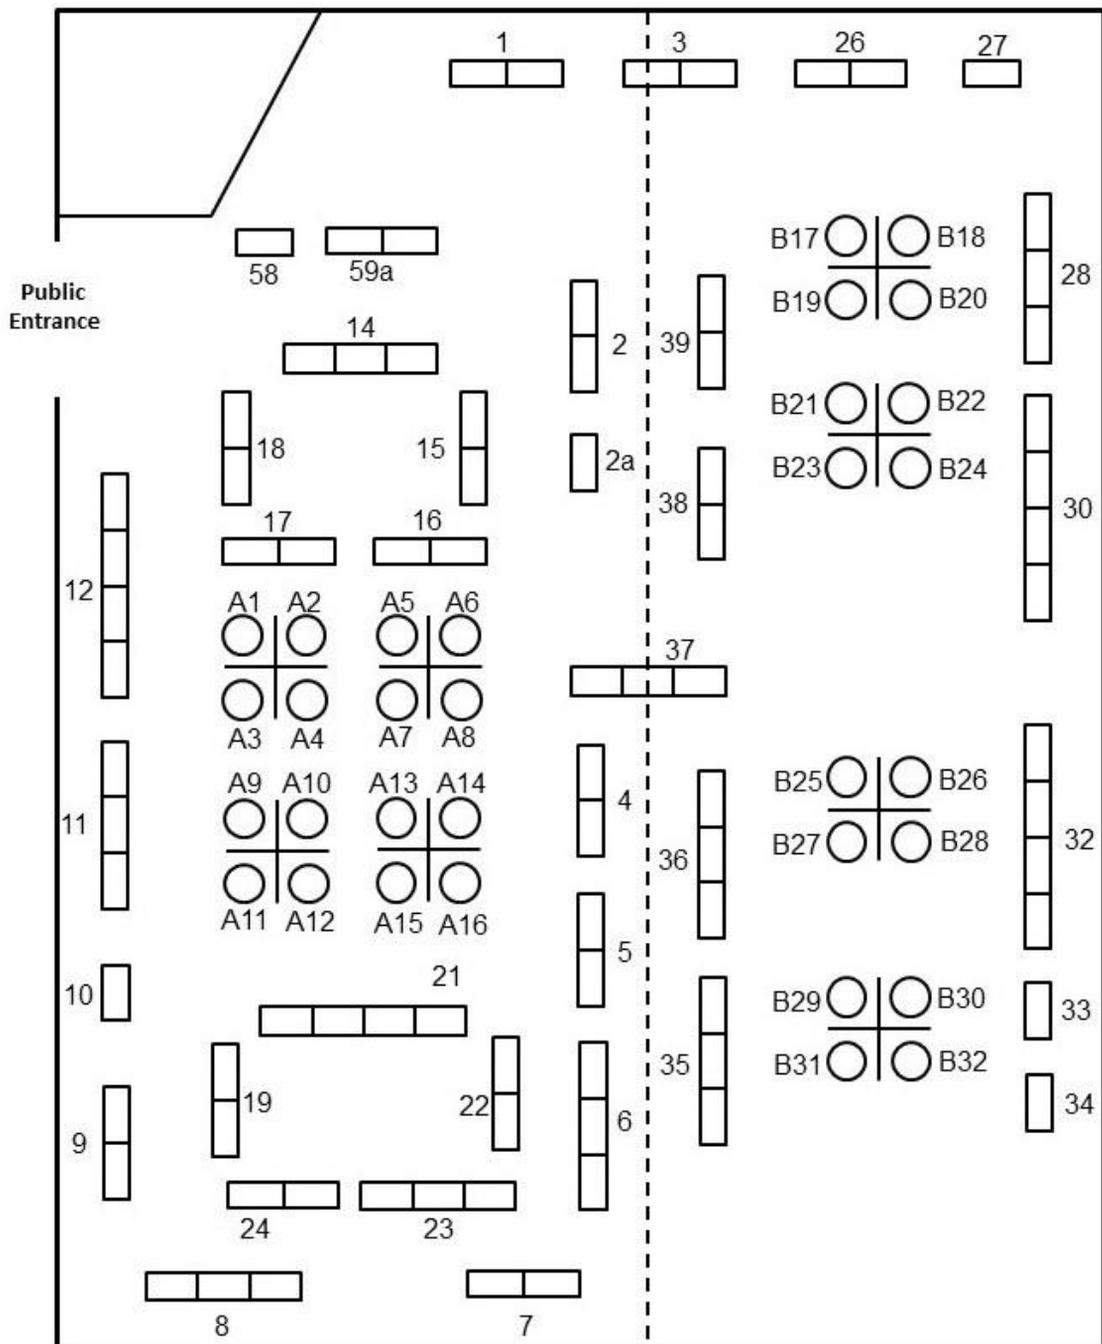

MIDPEX, the biennial exhibition first held in 1995 and attended by stamp collectors from across the UK, brings together Specialist Societies with local, national and international dealers covering all aspects of Philately.

This special event provides an opportunity for Specialist Societies to show off their sphere of interest to other collectors, to recruit members and identify common ground with members of other Societies.

The event this year has been expanded with space for post card dealers as well as stamps, thematics and postal history.
